# ABOUT US

**ARN GROUP Logistics** is the Azerbaijani company offering comprehensive logistics solutions that help you save time and make your business more efficient.

Our specialists always propose (suggest) you the best solutions for fast, reliable and cheap transportation of goods. Depending on customer requirements we can provide transport services of any type through qualified work of our specialists in the field of cargo transportation, transport and warehouse logistics.

## MISSION & STRATEGY

ARN GROUP's vision is to be a leading committed Azerbaijani transportation and logistics company to the highest standards of ethics, indisputable business reputation and financial strength, with dedication to top quality of services, supporting growth of clients and pioneering ideas.

ARN Group Logistics mission is to serve our stakeholders by:

- contributing to the growth of our customers by providing high quality products and services tailored to our customers' needs;
- employing, training and nurturing the competent and devoted personnel;
- maintaining strong financial position;
- committing to transparent and prudent conduct of business.

In our work, we adhere to the highest standards (and practice) of quality of logistics services that meet the highest standards of international transportation. By carrying out freight transportation, our logistics company constantly monitors the entire process of delivery of cargo from the sender to the recipient during the entire transportation process. Our specialists have a lot of experience in their business and know all the intricacies of their work, so that our transport company always withstands delivery deadlines and guarantees the complete safety of any kind of cargo.
